Open Performance Classes

*Open to all llamas and alpacas. 10 obstacles in each class. All handlers will be competing over the same course simultaneously but will be placed separately. If a llama is being shown by a youth, the score will count for both the llama and the youth. Only llamas and alpacas shared by youth may go through the course twice. If two youth show the same animal, only the first score will count for the llama/alpaca. If a youth shows more than one llama/alpaca, they must indicate on the entry form which animal will be used towards youth points. It must be the same animal in each performance class. Please indicate on your entry form whether your llama/alpaca is novice or advanced.

"Kumbayama Grand Prix" Agility Jackpot

Class No. 51

Minimum of 5 entries required

A Sherwoodstock Original: The Kumbayama "Grand Prix" styled agility jackpot! The llama and handler team with the lowest score in the best time wins. Instead of each obstacle being judged on a scale of 1 to 10, faults will be awarded for errors.

Refusal 4 faults

Two refusals at the same obstacle warrants elimination.

Incomplete obstacle 3 faults

You may make multiple attempts to complete the obstacle as long as one foot of the llama enters the obstacle each time. 3 faults for incomplete. 0 faults if you complete the obstacle regardless of the number of attempts.

Obstacle disruption 2 faults

i.e. Rail down; parts moved; etc. anything requiring the obstacle to be reset

Exceeding time allotted 1 fault per 2 seconds

A base time for completion will be established day of show.

You must complete the course within that time frame to earn 0 time faults.

A clean round will be awarded 0 faults. If there are multiple clean rounds there will be a run-off. The best time wins. Fault scale will still apply. If there are no clean rounds there will be no run-off and the lowest score with the best time will be declared the winner.

Stalling

There are three stalls available inside the show barn. They are reserved for “Peace Sponsors” only. If you would like to use a stall, please consider sponsoring the event.

Showing from your trailer

You must provide your own panels, pop-ups, fans, generators, etc. Whatever you need to house your llamas safely and comfortably. You'll be parking on grass. Limited access to electricity is reserved for sponsoring farms. If you do not have panels, contact us and we'll see what we can work out.

Camping

We encourage you to camp out! If staying in an RV it must be fully self contained. There is a bathroom with hot water in the barn (no showers).

A food truck will be here for lunch. Saturday from 10:00 a.m. to 3:00 p.m.

Wash stall

The barn has a wash stall with a water heater. There is just one hose, but you are welcome to use the wash stall to bathe your llamas. Early arrival is recommended.

Please leave your dogs at home. If you must bring them, they have to be contained/crated or on a leash at all times. Dogs will not be permitted in the show barn at all.

Lodging

Exhibitors are encouraged to camp out with us. However there are nearby options. Charlottesville is a college town, so, if you plan to stay in a hotel, make reservations early.
